Commission Gives Board Proposal Wage Schedule

San Mateo County's 1946-47 salary budget today went to the board of supervisors for their consideration of a \$1,817,260.16 budget item that now stands \$448,659.51 over the 1945-46 salary allowance.

The near-half-million-dollar increase, as announced from the office of Controller Fred E. Beer this week, includes:

\$171,397 for creation of 182 new positions.

\$158,896.51 for merited pay increases (an arbitrary figure).

\$91,212 for increased salary scales incorporated in a reclassification of civil service employees.

\$27,154 for extra help funds added to 1945-46 total for extra help of \$94,620.

All county departments reflect increases in salaries to be paid in the coming fiscal year, according to the revised salary compilation that marks an increase of nearly \$200,000 over a March estimate of \$1,630,145 made before civil service commissioners adjusted pay scales at employee and department heads' requests.

The salary requests, approved by the civil service commission, now will be considered by the supervisors who draft and approve the final salary budget.

The latest figures on preliminary budget work were based on an allowed \$1,368,600.65 for the 1945-46 budget.

Principal increases were reflected in the following departments:

Assessor—Requested \$31,240, allowed 1945-46 \$62,630.65, increase \$18,609.35.

Planning Commission—Requested \$21,282, allowed \$11,230, increase \$10,052.

Sheriff—Requested \$117,797, allowed \$95,036.22, increase \$22,760.78. Five new positions are requested.

Recorder—Requested \$83,191, allowed \$63,714.60, increase \$19,476.40. Creation of new positions and boost in folio rate paid copyists included in increase.

Building Inspector—Requested \$32,528, allowed \$19,900, increase \$12,628. Two new positions are requested.

Fire Warden—Requested \$80,205, allowed \$43,550, increase \$36,655. Ten new positions are requested.

Health and Welfare Dept.—Requested \$159,427, allowed \$132,240, increase \$27,187. Seven positions and a \$3150 increase in extra help allowance account for the boost.

Canyon Sanatorium—Requested \$72,012, allowed \$59,560, increase \$12,452.

Recreation Commission—Requested \$52,545, allowed \$20,135, increase \$32,410. Nine new positions are included.

Community Hospital—Requested \$267,299, allowed \$267,800, increase \$99,499. Thirty-three new positions are requested. Twelve old positions are vacant at the present time.

Relief Home—Requested \$42,967, allowed \$32,500, increase \$10,467.

Social Welfare Dept.—Requested \$66,442, allowed \$54,335, increase \$12,107.

Probation Officer—Requested \$33,533, allowed \$23,520, increase \$10,013. Three new positions are requested.

County contribution to the retirement fund—Requested \$119,246, allowed \$71,000, increase \$48,246. Ira Boynton, chief deputy controller, said the increase was distributed to increased salaries and to a higher rate set by the retirement board.

S.F. Seeks Airport Use

San Francisco hopes to participate "financially and otherwise" in construction of a \$2,000,000 publicly-operated airport for private planes in San Mateo County, city officials said today.

Presumably, San Francisco will be the source of \$750,000 mentioned by San Mateo County planners last week as expected from "outside interests" for development of a county-owned field.

Remainder of the money would be provided by San Mateo County, which would give a 600-acre site and \$200,000 for operating expenses, and by a \$750,000 federal grant of CAA funds.

James H. Turner, San Francisco utilities manager, said today San Francisco is "very receptive to the idea" of participating in development of the airport.

Under the program, now being discussed by B. M. (Mike) Doolin, San Francisco Airport manager, and county officials, the proposed airport would be administered by an airport authority, set up much like a joint highway district.

Kearns Choice In San Carlos In Close Vote

Patrick J. Kearns was this week elected mayor of San Carlos by a 3-2 vote of the city council in a lively meeting in the city hall auditorium. Kearns' election followed the defeat of a motion by Councilman John H. Kemp Jr. that Acting Mayor Edward R. Burton be given the title as a "fitting and proper gesture."

Kearns, an attorney, was nominated by Councilman Truman S. Waterman, also an attorney, as "a compliment from one gentleman member of the profession to another." The deciding vote was cast by Kearns himself after a roll call showed that Councilmen Charles Thomas and Waterman supported his election while Councilmen Kemp and Burton opposed it.

In taking office, Kearns said: "This decision has come only after great and serious deliberation, and while Mr. Burton is entitled to the honor from the standpoint of seniority, I would not vote for him because he stands for one group and I stand for another."

Kearns was elected to the city council two years ago as the candidate of the Progressive Taxpayers' League. Burton, long-time council member, has been acting mayor since the resignation of A. H. Sagehorn Feb. 14.

In his first official action, Mayor Kearns re-shuffled the duties of his commissioners. Although he reappointed Kemp commissioner of streets and sidewalks, he assigned Thomas to the post of commissioner of parks. He explained his action by saying that the commissioner of parks must attend the meetings of the recreation commission. Thomas is a former member of the recreation commission.

Another switch was in the duties of Burton and Waterman. Burton, formerly commissioner of fire and police, and Waterman, formerly commissioner of light and power, traded jobs. Thomas will also serve as commissioner of health and safety, and the mayor will serve as ex-officio commissioner of finance.

Testimonials to former Mayor Sagehorn and former Treas. Bror Lindberg occupied the major part of the meeting. Spokesman for the council was Burton, who, in bidding an official farewell to Sagehorn, praised the time and efforts the former mayor had given to the city during the past 10 years.

Lindberg, who retired this month after serving as city treasurer since 1925, was given a gift by the city employees. The San Carlos Community Club, the American Legion and the Volunteer Firemen took part in the ceremonies extended to Lindberg.

Elect...
Charles W. LYON
Lieutenant GOVERNOR

Charles W. Lyon has 30 years in the State Legislature as Senator and Assemblyman, the last five years as Speaker of the Assembly. The experience gained during these years will prove invaluable to the people with Lyon as Lieutenant Governor.

This Happened Here 40 Years Ago

At 5:13 a.m. yesterday residents in this area commemorated the 40th anniversary of the disastrous earthquake of Apr. 18, 1906. The above pictures contributed by Mrs. Joseph Hickey of Redwood City show what havoc the tremor played with buildings here. Top photo is that of the old courthouse and the lower is that of the present Central School, which at that time was the Sequoia High School building. A copy of the newspaper published the day after the disaster describing the \$200,000,000 loss in the San Francisco Bay Area, donated by Arthur Jonsen, is on display at the Bank of America at Broadway and California St.

Find Abandoned Auto On Woodside Rd.

An abandoned automobile, registered to G. C. Browning, Vallejo, was found by Redwood City police at 12:10 a.m. Tuesday on Woodside Rd. near the San Carlos Ave. intersection. The automobile had knocked over a Pacific Gas & Electric Co. pole and then careened on for another eighth of a mile before coming to a stop.

Police said that possibly the owner of the 1935 Ford coupe was searching aid when they arrived, and that they were checking to determine whether the car had been stolen.

Lindberg, who retired this month after serving as city treasurer since 1925, was given a gift by the city employees. The San Carlos Community Club, the American Legion and the Volunteer Firemen took part in the ceremonies extended to Lindberg.

Larry W. Roberts Now a Captain

Larry W. Roberts, winner of the Air Medal for destroying heavy Japanese defense guns at Rabaul, has been promoted to captain in the U. S. Marine Corps, according to word received here by his parents, Mr. and Mrs. Vernon L. Roberts, 1631 Union Ave.

Captain Roberts is now stationed with an air demonstration unit at Quantico, Va. His wife, Dorothy, whom he married here May 19, 1943, is staying with her mother in Wisconsin until Captain Roberts secures a place for her to live near his station.

R.C. Shoe Salesman Faces Driving Charges

Earl Ellsworth Whitney, 49, Redwood City shoe salesman, was booked at the county jail this week by California Highway Patrolmen who charged him with drunken driving, drunkenness, driving with a revoked operator's license, driving without a license and operating a vehicle with bad brakes.

His arrest followed a head-on collision on Middlefield Rd. near MacArthur St. at 5:35 p.m. Driver of the other automobile involved in the crash was Bruce Graham Smith, 26, 516 Heller St.

Seek to Ease Port Crisis

The million dollar Port of Redwood City will be able to remain in operation only if A. A. Moran, manager, will continue to accept temporary employment and if replacements can be found for out-of-city office employees, Judge Edmund Scott said this week.

The Port of Redwood City commission chairman made the statement after a review in the city hall by the commission of effects of an election last week. At the election voters turned down amendments to the city charter which would have permitted employment of out-of-city help.

Scott said port employees fell into four categories, stevedores, ship-clerks, laborers and office help.

At the meeting City Atty. Paul A. McCarthy said that so long as Moran remained a temporary employee, the Atherton resident could remain a city employee. Scott added that Moran had several times turned down more permanent jobs to retain the temporary position he accepted when the previous port manager had joined the service. The commission has no way of knowing, the judge continued, whether the previous manager will return.

Stevedores, Scott said, in the future will be hired by shipping firms rather than the port and will therefore not fall under jurisdiction of the city personnel ordinance. Clerks and car loaders, he continued, fall under Section 76 of the city charter which permits employment of out-of-city help on a temporary basis.

Office help, however, is not covered by any of these rulings, the judge said, and would have to be replaced by Redwood City residents, said.

Army Enlistee

Charles R. Sahlberg, 19, 733 Vera Ave., was the first to enlist in the regular army at the Redwood City recruiting office located in the lobby of the county courthouse. Sahlberg, who was born here, spent a year and a half in the merchant marine. Recruiting information may be secured from 1st Sgt. William G. Keller at the courthouse.

Edward Armstrong Injured Slightly

Edward Armstrong, 56, construction foreman of Redwood City, suffered minor injuries this week when his automobile left Kings Mountain Rd. and careened into a culvert, California Highway Patrol officers said.

Gulch Road To Stay Open, Board Rules

Woodside residents Tuesday won their fight to keep Bear Gulch Rd. from being abandoned by the county when the Board of Supervisors voted four-to-one in spite of objections from County Engineer M. A. Grant.

Supervisor Henry W. Edmonds cast the sole vote to support Grant who declared, "Somebody will open a subdivision there and we'll have to maintain the road."

Earlier, Grant had asserted the road in its present status was open but not maintained. He declared it obsolete and said it had no place in the county road system.

J. A. Folger, owner of 1500 acres of land adjoining the road, appeared in person to protest the closing, and submitted a petition bearing 90 names to the supervisors.

Fire Chief John Volpiano of Woodside also appeared at the meeting to protest closing.

The motion to keep the road open was made by Supervisor Martin A. Poss, and was seconded by Supervisor Thomas I. Hickey.

K. B. (Pete) Towne, president of the San Mateo County Horseman's Assn., and members of the group appeared before the board to urge support of county participation in state funds to construct a public trails system.

The board reminded the group the supervisors went on record approving participation in January.

COST OF LIVING UP and UP

Electric Rates go DOWN again

Most everything you buy today—to use, to eat or to wear—costs more. The average cost-of-living rise in Northern California since 1939 is 35 per cent, according to the U. S. Bureau of Labor Statistics.

This living cost picture is not all dark and gloomy, however. The cost of the electricity you use so freely in your home has not gone up in price. In fact, the electricity which lights your home and runs all your appliances has been steadily dropping in price.

Six major reductions in electric rates have brought the cost of electricity DOWN 16 per cent since 1939. These reductions save electric customers \$6,042,866 a year. P. G. & E. electric rates, already among the lowest in the nation, go down even further with the latest reduction, which becomes effective April 15th—a reduction that puts our rates 20 per cent below the national average.

City Council Favors Signal Plan, Blom to Study Proposal

Redwood City city councilmen this week favored a proposal by the traffic study committee that overhead traffic signals be installed on El Camino Real intersections. At a meeting in the city hall the council instructed City Mgr. E. W. Blom to write the State Highway Commission to determine whether such an installation would be possible at intersections of Brewster Ave., Broadway, James Ave., Jefferson Ave., and Five Points with the highway.

Blom had earlier told councilmen he understood the state commission did not favor overhead signals. The traffic study committee recommended the overhead signals because it claimed present side of road signals are often obscured from drivers' vision by trucks and other large vehicles.

Council referred a proposal that the intersections be lighted in the manner of the Bayshore Hwy. intersections to the city manager for study and a recommendation. It instructed Blom to have one of the present signals in operation after 10 p.m. for the convenience of late highway crossers. At present all traffic signals are turned off at 10 p.m.

Requests from two circuses for permits to show in Redwood City were granted. Permission was granted the Clyde Beatty Circus to play the city either on May 24 or May 28, and permission was granted the 101 Ranch Wild West Show to play on Apr. 30.

Council also:

1. Granted the Sequoia District Girl Scout Leaders Assn. permission to conduct a benefit party on May 17 or 24, at the Redwood City Woman's Club.
2. Granted permission to Court Madrone 158, Foresters of America to hold dances on Apr. 20 and 27 and on May 4.
3. Referred to the traffic study committee a communication from the Business Engineering Co. requesting permission to demonstrate parking meters.

4. Filed a letter from Ethel Murray, Pasadena, demanding par value plus interest to date on 1915 street assessment bonds she holds.
5. Granted the Redwood Cab Co. permission to open a restaurant at 886 Main St.
6. Granted permission to the firm of McDonald and Crier to open a used car lot at 570 El Camino Real.

7. Ruled that the following lots be advertised for sale—Lots 9 and 10, Block 3, Jefferson Ave. Addition; Lots 5, 10 and 14, Block 2, Jefferson Ave. Addition; northwest half of Lot 94, Gray Tract; Lot 1, Block 1, Homestead Addition No. 2.
8. Heard a letter from the International City Managers' Assn. requesting representation at the association's 22nd annual conference to be held at Montreal, but declined to take action.
9. Decided to pay county taxes to the extent of \$81.64 on Lots 2 and 5, Block 11, Sweeney's Addition, after receiving a letter from the San Mateo County Title Co. saying that the company had bought the land from the city on the understanding it was free of tax delinquencies.

10. Instructed city employees to inform all property owners within 275 feet of the Heller St.-Beech St. intersection that a public hearing would be held at the next council session to determine whether to grant George W. Ipsen permission to operate a rest home at that site.
11. Granted permission to A. Allis to move real estate signs from Valota Rd. to El Camino Real.
12. Moved that appraisers be appointed to determine the cost of purchasing land to widen California St., Winklerblock St. and James Ave. near the Southern Pacific Co. station.

13. Referred to Blom a request by Ole Oleson from the Peninsula Celebration Assn. for \$1000

with which to purchase fireworks for a July 4 celebration.

14. Told Dr. Bernard Silver that he could use a building at 88-90 Birch St. for a doctors' office.

15. Sold Lot 7, Block 10, Sweeney's Addition, to Mrs. Caroline Bertolucci for \$1100.

16. Granted Robert Farmer of the Sequoia Cab Co. 180 more days in which to purchase seven taxi cabs for which he holds permits.

17. Passed a resolution overruling protests to the construction of Hudson St. improvements between Jefferson Ave. and Woodside Rd., resolved that the improvements should be made, and called for plans and specifications for the project.

18. Adopted an ordinance calling for the expenditure of \$55,000 to purchase pipe and fittings for the water department.

19. Adopted an ordinance setting the rate of pay for laborers at \$8.00 per hour.

20. Conducted a weed abatement hearing and resolved that the superintendent of streets should abate weed nuisances for which property owners will be charged.

21. Heard a report by Blom that Poplar St. improvements will be started within a week.

22. Referred to the board of review a proposed ordinance exempting per diem port employees from provisions of the personnel ordinance.

23. Called for bids for May 6 for the construction of a drainage project at El Camino Real and James Ave. at the cost of \$31,000.

24. Passed a resolution stating it was necessary for the city to gain an easement five feet wide along the Rancho de las Pulgas line from Rogers St. to Middlefield Rd. The easement will be used for a sanitary sewer.

25. Referred to the police chief three applications from taxi firms for parking space called for under a recently passed taxi ordinance.

R.C. Police Cite 18 Motorists

Redwood City police cracked down on 18 drivers this week, issuing citations on charges of violating vehicle codes. Those cited:

Speeding—Mary C. Brown, Rt. 2, Box 2478; Charles G. Odeh, Santa Cruz; Hans H. Jacobsen, 810 Woodside Rd.; Elizabeth A. Oliver, 988 Blandford Blvd.; Jodie E. Bunoh, 551 Ramona St., Palo Alto; R. E. Marinic, Oakland; Ethel L. Cassar, 145 Roosevelt Ave.; Joseph H. Wood, 623 Alma St., Palo Alto; R. B. Walker, San Francisco.

Illegal parking—Peninsula Delivery Service, San Francisco; John Casey, San Francisco; Robert Jenkins, Oakland; Uke Popik, 258 King St.; Gerald O'Connell, 106 1/2 Franklin St.; Mac Cook, 2810 Broadway.

Illegal muffler—Harvey L. Gilliam, 3021 Middlefield Rd.

Failure to stop for through highway—R. A. Collins, 545 Lincoln Ave.; Frederick Cardoza, Rt. 2, Box 71, Higgins Canyon, Half Moon Bay.

R.C. Water Mains To Get Cleaning

Redwood City water department employees have begun flushing water mains. H. Lise Winter, superintendent of streets warned this week.

This will mean that at times during the five-day flushing period water will be off or pressures low between 11:30 p.m. and 6 a.m.

Mains are flushed, he continued, usually once a year, so that rust which collects during winter months will not disturb water department customers. During the winter, he explained, the flow of water through mains is not nearly as heavy as during the spring and summer and rust has an opportunity to collect.

County Seeks To Halt Sale Of Dibble

With announced date for closure of Dibble General Hospital less than three months away, San Mateo County officials this week instigated action to prevent sale of the hospital in order to convert facilities to veterans' use.

County supervisors instructed County Clerk William H. Augustus to wire congressional delegates in Washington, D. C., to halt sale of the more than 130-acre site after Augustus personally appealed for action.

Superior Court Judge Edmund Scott joined in the plea for additional veterans' facilities in a letter to Congressman Jack Z. Anderson which scored lack of room in veterans' hospitals.

Augustus accompanied his own letter with a copy of the judge's letter to Anderson which scored necessity of sending veterans to state institutions for mental care.

Augustus, active in Veterans of Foreign Wars activities, declared: "There is urgent necessity of added accommodations for mental cases in the Veterans' Administration Facility at North Palo Alto, such patients now being sent to Agnew at county expense because of a lack of beds at Veterans' Hospital, where they should be cared for at government expense. It occurs to the writer that due to the close proximity of Dibble Hospital to the Palo Alto facility, the two places should be operated together to properly care for the increasing number of veterans who require this type of treatment."

Judge Scott related the case of a 19-year-old Redwood City draftsman who was a veteran of the Luzon campaign. The youth became a mental case while in the army and was recently paroled from an army hospital in Texas to his father in Redwood City.

"His father attempted to care for him at home, but it soon developed that his condition was such that he required further hospitalization in a mental institution. He was brought before the court and we attempted to place him in the Veterans' Administration Facility."

But we were advised by the Veterans' Administration that they had no room in any of their hospitals, and it was therefore necessary that he be sent to the State Hospital at Agnew.

"Only a week or so before, representatives of the Veterans Administration had advised us that they had arranged to take over 100 beds at Dibble Hospital, but it now appears that, because of the announced intention of the army to close Dibble, the Veterans' Administration cannot place its patients in the hospital."

He concluded by asserting, "I feel that the father of this boy expressed an attitude which will be expressed by other parents, in that he was quite disturbed at the thought that the government will not take care of his son, and therefore the boy had to go to a state hospital."

Reverend Hall speaks To Kiwanis Club

Guest speaker at the Kiwanis Club meeting in Muff's Wednesday noon was the Rev. Don Emerson Hall, pastor of the Menlo Park Presbyterian Church. His speech, "An Unforgettable Character," was the highlight of a special Easter program.

It was announced that Kiwanians have planned a special event for their meeting next Wednesday. It will be a special Easter service and the Rev. Hall again will be guest speaker.

Eleven Cities In County Name Mayors

Seven San Mateo County cities had new mayors this week following reorganization meetings at which councilmen elected Apr. 9 were seated. Four other councils re-elected incumbent mayors.

James F. Furlong Jr. was unanimously re-elected mayor of BELMONT. No changes were announced by Mayor Furlong in the duties of his various commissions.

Mayor Furlong, a retired San Francisco business man who has lived in Belmont for the past seven years, was first elected to the council last June to fill the vacancy created by the death of Mayor Louis A. Barrett. At that time he was elected mayor only a few minutes after he had been sworn into office as a councilman. He was re-elected at the Apr. 9 election.

Charles P. Burgess was elected unanimously as mayor of MENLO PARK. He has served as mayor since the resignation of Donald Fisher last November.

Members of the Menlo Park City Council installed Tuesday were Burgess, for four-year term; Vernon Barker, for four years; Wallace H. Brown, for four years, and Robert D. Rhodes for two years. Lloyd Neuman is a holdover and remained on the council.

James B. Howell was re-elected mayor of ATHERTON. Resworn in Tuesday on the Atherton Council were Howell, a holdover with two years more to serve; Edward E. Eyre, for four-year term; John W. Speyer, for four years; Charles H. Weber, for four years; Charles H. Merrill is a holdover with two more years to serve. Howell has served as mayor of Atherton since the Summer of 1939.

After a two-year lapse, BURLINGAME resumed its rotation plan of selecting a mayor when L. Herbert HARRIS was named to succeed Peter Dahl. Dahl broke long precedent by holding the mayoralship for two terms.

In SAN BRUNO, Joseph J. Hearne, who first served as councilman there 32 years ago, was seated as mayor, replacing Edward McGuire Jr. who had been mayor for 16 years. McGuire, John Murphy and Incumbent William Maurer were elected to the council last week.

In SOUTH SAN FRANCISCO, Leo Ferko, former Stanford football player and now a high school teacher, was named mayor, succeeding George W. Holston, hold-over councilman. Taking seats on the council with Ferko were high man on the ballot, were Emilio Cortesi and Adolph Sani. Charles Elder is the fifth councilman.

Mayor Ernest Ingold of HILLSBOROUGH was returned to office for his third term. He was returned to the council by a landslide vote along with Kenneth Montague. Holdover councilmen are J. E. Trabuco, Cyril Tobin and Duncan Davis.

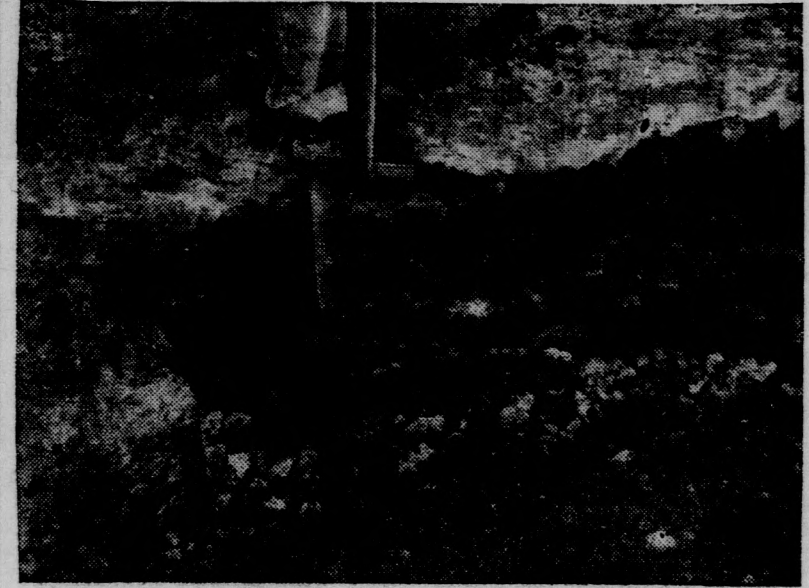

New Mayor of COLMA is Bartley Flynn, succeeding Fred Lane. Lane, only incumbent running, was re-elected last week and John H. Price, running unopposed, also was named to the council.

DALY CITY'S new mayor is James Paul Green, army captain now on terminal leave. He succeeds Anthony J. Gaggero, who was re-elected to the council, although three other members of his ticket were defeated. Green headed the ticket which also placed Melford D. Battye and John E. Craig, an incumbent, on the ticket.

Redwood City police were searching for the person or persons who stole approximately \$100 this week from the Redwood Bowl, 2116 Broadway.

Police said entry into a kitchen at the establishment was forced between midnight and 6:50 a. m. and that a hiding place where the funds were kept was found.

Science O.K.'s Deep Spading; Here's Easy Way to Do It

Drive spade straight down to get maximum depth.

While spading is the hardest work a home gardener has to do, it can be made easy by doing a little at a time. One hour's work a day for eight days will turn over spade depth 1,500 square feet, and leave its owner without even sore muscles.

Why spade? This question has been asked by progressive-minded critics, who examine all traditional practices with a skeptical eye. One answer has just been given by tests made at Ohio State college dealing with soil aeration.

These tests showed that to insure maximum plant growth there must be a complete change of the air in the soil, to the depth of eight inches, every hour. Compact soil interferes with this exchange; and it is easy to prove that garden soil is compact after a winter of rain and snow.

Spading loosens the soil, lets air into it, and leaves it in the best condition for both water and air to enter. Spading also can be used to mix with the soil coarse materials which will improve its condition. Good soil, Ohio State experiments showed, is composed of 25 per cent "pores" containing air, 25 per cent "pores" containing water, and 50 per cent solid matter.

Heavy clay soil has particles so fine that there are not enough "pores" in it. But it can be made good by mixing one inch of fine cinders or very coarse sand, an inch of manure or a substitute such as compost or peat moss, to four inches of clayey soil. This will give an idea of the quantity of coarse material needed to loosen heavy garden soil. Spread it evenly over the garden, and try to mix it evenly with the soil, so that it will create "pores" all through it, and thus improve aeration and also water retention.

To make sure that the soil is turned over a full eight inches deep drive the spade straight down, to get maximum depth, lift it high enough to enable you to drop the "spit" of soil bottom side up. Take your time about this, working not over an hour a day, and your garden will be ready in a surprisingly short time, with a minimum of sore muscles.

A good way to mark out the area you intend to work at one time. Then open a trench at one end, depositing the dirt removed from it to mix with the soil coarse materials which will improve its condition. Good soil, Ohio State experiments showed, is composed of 25 per cent "pores" containing air, 25 per cent "pores" containing water, and 50 per cent solid matter.

Heavy clay soil has particles so fine that there are not enough "pores" in it. But it can be made good by mixing one inch of fine cinders or very coarse sand, an inch of manure or a substitute such as compost or peat moss, to four inches of clayey soil. This will give an idea of the quantity of coarse material needed to loosen heavy garden soil. Spread it evenly over the garden, and try to mix it evenly with the soil, so that it will create "pores" all through it, and thus improve aeration and also water retention.

Landmark Hotel In M.P. Sold

Sale of an old hotel and adjoining property in Menlo Park was made public Tuesday with filing of a deed with Recorder T. Clark Rice.

In a transaction handled by Victor Greisser of Menlo Park, Bertha M. Kuck and Matilda C. Welsh sold their property on Oak Grove Ave. to Mr. and Mrs. Edward J. Derry and Mr. and Mrs. John P. Demeter for an indicated price of \$40,000.

The hotel, long a landmark across the street from the Southern Pacific Depot, will be remodeled by the new owners for stores and offices.

The building, erected 50 years ago, has been condemned for use as a hotel.

In another large transaction recorded with Rice, John McLean Elak, telephone company executive, sold a residence on Valparaiso Ave. at Roberts Ave. to August B. Cedarhorn for an indicated price of \$38,500. Deed was filed at request of San Mateo County Title Co.

United Airlines Plans Mills Field Expansion

The entire operation of United Airlines will soon be moved to San Francisco Municipal Airport, bringing another 12,000 United employees to the Peninsula, it was revealed today by E. M. Doolin, manager of the San Francisco Airport.

Doolin said leases were now being signed and that this would bring to 14,000 the number employed by United at this field, where 2000 already work for the company.

Three other major airlines also have headquarters at the airport which will bring the total airline employees to 25,000 within the next five years, he estimated.

Only phase of United's nationwide operations that will not be located here are the executive offices which will remain in Chicago.

Peninsula Clinic Adds Physician to Staff

Drs. Arden Hedge and R. A. Gish of Peninsula Clinic, this week announced the addition of Dr. A. T. Haerem to the staff. Dr. Haerem, who lives in San Carlos with his wife and two children, left the Army Medical Corps two weeks ago. He held the rank of lieutenant colonel and served as surgeon of the 12th Armored Division in Europe, first with General Patton and later with the Seventh Army.

North Fair Oaks Sewage Need Told

Ernest J. Wilson, San Mateo attorney long experienced in formation of new improvement districts, this week told the board of supervisors a new district would have to be formed to permit construction of a sewage plant to serve the City of Redwood City and North Fair Oaks.

Of the estimated cost of \$330,000, \$105,000 would be borne by the unincorporated areas, and \$235,000 by the city, he said.

The city has already allocated \$300,000 for a sewage treatment plant and sewers in a million-dollar bond issue.

Incorporation of the North Fair Oaks District into an area served by a proposed plant has been proposed as a measure of economy to eliminate future need of a second plant.

Wilson's estimates were given to County Engineer M. A. Grant.

Peterson Asks Housing Study

County Executive Frederick Peterson, who made one of his rare personal appearances before the board of supervisors this week, was instructed to study need of emergency housing at Pacific City, and to determine advisability of erecting 200 temporary units on the county-owned site.

The board, in acting on a request of the San Mateo County Housing Authority, was informed the housing units would be made available to the county if the latter provided sites and water and sewage services.

A letter from the housing authority suggested Pacific City, east of Bayshore Hwy. near Coyote Point in San Mateo.

Peterson, who argued against referring the matter to the planning commission on grounds the matter was an emergency and did not involve planning, was instructed to render a complete report on motion made by Councilman Henry W. Edmonds.

Joseph Caccamo Earns Discharge

Former S 1/c Joseph N. Caccamo, son of Mr. and Mrs. James Caccamo, 921 Cleveland St., Redwood City, has returned to his former job with the Yellow Cab Co. following his discharge from the navy last week at Camp Shoemaker.

LOOK to Greyhound first for LOCAL CIVIC INTEREST

Greyhound has grown steadily with the Peninsula.

Greyhound folks and their families work, play and live in Peninsula communities...are neighbors and friends of yours. Naturally, therefore, Greyhound is intensely interested in every form of local civic welfare and continued progress of the cities and towns of which it is a part. It is proud of the vigorous role its people have performed in helping

to build and strengthen Peninsula cities with first-class motor transportation.

In providing this vital community service Greyhound has led the way...all the way. This clear-cut leadership in modern bus transportation can only be explained by the fact that Greyhound has always acted, and will continue to act, on the principle that what is good for your community is good for Greyhound.

Sunrise Services Set For Emerald Lake Bowl

Sunrise services to celebrate the peacetime Easter Sunday will draw probably the greatest crowds in California's religious history to outdoor crosses on mountain tops and other scenic sites for worship.

More than 30 such programs, including the one at the Emerald Lake Bowl west of Redwood City, were listed this week by the State Chamber of Commerce for motorists who stayed home or walked to nearby hilltops during the war years.

In San Francisco some 50,000 are expected to climb the wooded slopes of Mt. Davidson for services at 5:28 a.m. at the foot of the 163-foot cross there, overlooking ocean, bay and cities, the Associated Press reported.

Across the Bay in Oakland, worshippers on Mt. Diablo will have an even loftier vantage point, while in the city will be services at Woodminster Bowl in Joaquin Miller Park, at the Lake-side Park bandstand, and at Diamond Park. In parks or on hill-tops other groups will greet the sun in Berkeley, Albany, Richmond, Hayward and Alameda.

In Southern California, the huge Hollywood Bowl will begin its services at 5 a.m., for probably the largest crowd of all. The Resurrection of Christ will be celebrated also at Mt. Rubidoux, Riverside; at Forest Lawn Cemetery, Glendale; in Death

Valley; at Ross Hill, near Bishop, Balak Rock, Blythe; Ramona Bowl, Hemet, and Mt. Helix, San Diego.

* At Palm Springs, services at the Cross-on-the-Hill will be marked by the release of white pigeons, and at Yosemite, services will be held at Mirror Lake with a background of sheer rock precipices which hide the sun until 9:30 a.m.

Milton Winchell Pleads Guilty

Milton E. Winchell, 37, San Francisco ex-felon charged with shooting San Bruno Police Sgt. Russell Cunningham Feb. 2, Monday pleaded guilty to four counts in his indictment and asked Superior Judge A. R. Cotton for probation. Ernest L. Englund Jr., 24, Winchell's companion, charged with burglary that preceded the shooting, waived time to plead and was granted a continuance to Apr. 22. Cunningham suffered serious gun wounds in an exchange of gunfire with Winchell as the pair left the scene of a burglary in San Bruno.

Ybarreta Resigns S.C. Post

Resignation of George Ybarreta as San Carlos recreational director, was accepted by the San Carlos Recreation Commission when it met Monday at an adjourned meeting at the Center. The resignation was presented by letter as Ybarreta is confined to his home following an eye operation.

Ybarreta in his communication stated he was "unable to devote the many extra hours needed for a successful recreational program," but he thanked the commission and other city organizations for their aid in initiating many new activities this past year. Ybarreta was appointed last Fall as director to succeed Lewis Knight, physical instructor in Hillsborough, who served as summer director in San Carlos. Knight took over from Ralph Shaw who resigned last June to join the county recreational program.

Ybarreta's resignation is as of May 15.

The commission was unanimous in the opinion that only an adequate salary would attract a qualified man to replace Ybarreta. Mrs. A. S. Kalenborn, assigned to handle personnel, was asked to investigate possibilities.

Present last night were Franklin Duxbury, chairman; Mrs. Brice Wheeler, secretary; Herman Freese, newly appointed member; Mrs. Kalenborn and Comdr. of Parks John H. Kemp, Jr.

Squires Again Top California

Our Lady of Mt. Carmel Columbian Squire Circle No. 434 was fifth in the nation for circle activities during February, the "Squire Herald," official monthly paper for the Squires reported this week. The local circle continued in first place among California chapters. The circle will be one year old Apr. 29.

This week the following left for a three-day retreat at the El Retiro Retreat House in Los Altos: Jerry Britschgi, Bill Jordan, John Graham, Bob Britschgi, Henry Thierry, Roger Flanagan, Charles McLaughlin, Bob Thompson, James Burke, Don Ferrando, Vincent De Bella Jr., Gerald Sullivan, Kevin Sullivan, Sam Winklebleck, Don Bordenave, John Houlihan, Bill McConnell, Phil Murphy, Jack Sullivan, Bill Formico, Albert Malvino, Ed McDonnell, Marty Formico and John Duffy. The retreat is an annual Holy Week event.

Robert F. Furger Returns to R.C.

Cpl. Robert F. Furger has returned here after 32 months overseas, and is making his home with his old friends, Mr. and Mrs. Peter Pelligrini at 504 Heller St.

Corporal Furger, who is a Sequoia graduate, holds the Purple Heart for wounds received on Okinawa. During his three years in the army he was at Cape Gloucester, New Britain, Palau, Australia and in China.

Furger belongs to the Foresters and is now employed locally.

BOY SCOUT NEWS

Members of Redwood City Community Chest

Troop 150, Redwood City — Practical work in night signalling, featuring the Morse code, was the highlight of the last meeting of the troop at the home of William Jackson, scoutmaster. Plans were made for a hike over the weekend and a campfire program closed the meeting.

Troop 105, Redwood City — With the transfer of Dick Flenings to this troop from a unit in Florida, the group gained an Eagle Scout at the last regular meeting of the troop, Scoutmaster T. J. Seitz, announced.

Troop 122, Redwood City — With organization about complete following the election of patrol leaders at the last meeting at Mt. Carmel Church the troop is hard at work on advancement projects, Joseph A. Rao, Jr., scoutmaster reported. An effort is being made to completely uniform the group.

Troop 149, Redwood City — Plans for a troop hike and participation in the camporete were the main points of business at the last meeting at the Methodist Church under the direction of Dalton Lewis, scoutmaster.

Troop 154, San Carlos — A business session and signalling instruction were the highlights of the last meeting at the San Carlos School. D. Ogilvie, scoutmaster, also announced the formation of a Drum Corps and a practice session of the group followed the meeting.

Troop 153, San Carlos — Outdoor test in axmanship and firebuilding featured the last meeting of the troop at the home of Douglas Britton, scoutmaster. Members of the Green Bar Council reported a successful hike on Apr. 8. Twenty-two were in attendance at the meeting.

Station Attendant Denies Paternity

Raymond D. Michelson, San Francisco service station attendant, Tuesday denied he was the father of Barbara Jean Frances Michelson, born to his estranged wife on Jan. 13, 1946, according to a petition filed with County Clerk William H. Augustus.

Mrs. Michelson, who resides with her mother at 263 Alexandra Ave., Daly City, won a divorce decree from Michelson last year in San Francisco Superior Court in a cross complaint, the petition stated. The couple has a son, Allen.

MONTGOMERY WARD

Redwood City's cross, which stands at the western end of the city, will be the scene of Easter Sunday services beginning at 5:28 a.m. The sunrise ceremonies will climax a week of prayer and special holiday programs throughout this area. (Tribune photo)

Property Owners Support M.P. Proposed Improvements

The proposed improvement of the Menlo Park shopping district—known as the Santa Cruz Ave. development area—received the almost unanimous support of property owners present this week at the meeting of the Menlo Park City Council.

A roll call vote of all property owners concerned with this project was taken to determine its general desirability. Out of a possible 75 votes, 48 were not cast, 25 were in favor and one opposed.

It was stressed by the council that no definite action was to be taken at last night's meeting, but that it was called to present the plans to the public and get its reaction. The final "go-ahead" is still several months off, and citizens will be allowed to air their criticism several times before that date.

All property owners who feel that the assessment against their property is inequitable were asked to attend a special meeting next Tuesday night at 8:30 o'clock, following the regular city council meeting. At that time all individual complaints will be discussed.

The proposed development was explained in detail by Mayor Charles P. Burgess at the beginning of the meeting. He said that there were two main features of the program: The widening of Santa Cruz Ave. by 14 feet on each side, thus permitting four lanes of traffic and two lanes of parallel parking; and the construction of a parking lot, with access to the street on three sides, in the center of the block bounded by Oak Grove Ave., Chestnut St., Santa Cruz Ave. and El Camino Real. In addition, Oak Grove Ave., Chestnut St. and Crane St. between Santa Cruz Ave. and Oak Grove Ave. are to be paved, and street lights installed where necessary.

E. C. Smith, city engineer, explained the method used in assigning assessments to the various property owners. The first figure determined was the value of the assessment which amounted to a splitting-up of the cost of widening and improving the streets concerned on the basis of the amount of street frontage owned by each individual or concern.

The second step was the assessment of the property owners of the entire area to be improved for the cost of constructing the parking

lots, taking into consideration the benefit derived by each individual owner, and the availability of the parking area to certain stores. The residential area along Oak Grove Ave. was not to be assessed for the parking space because it was decided that home owners would get relatively little value from the improvement.

The third step in determining the assessments was to have all the property which is to be taken over by the city for this project appraised and a credit given to the owner of the property according to that appraisal.

Mayor Burgess added that the city hoped to contribute a share of the expense with funds derived from three sources: The city's share of the state gas tax fund, the allocation from the \$80,000,000 state fund designed to aid cities and counties with postwar construction, and the payment by the state to the city for the costs of planning and engineering.

In the formal council meeting preceding the special informal discussion the sealed bids which had been invited for the improvement of the Stanford Gardens Tract recently annexed to the city were opened and the lowest bid—\$41,338.45, from the California Paving Co.—was accepted.

Burgess was selected by his fellow councilmen to act as mayor for another term.

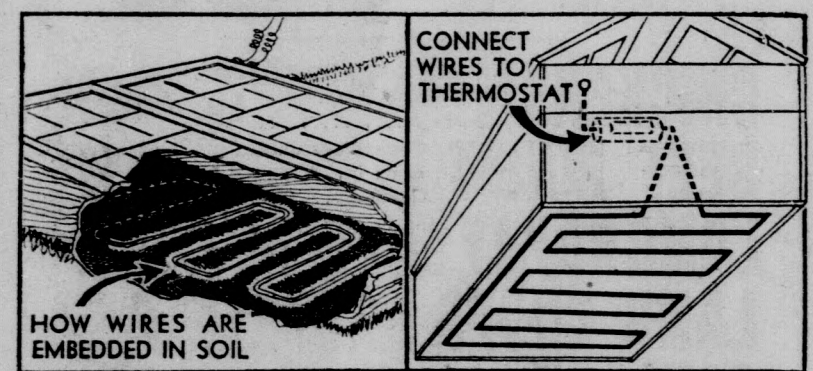

The following commissions were reassigned to those men who held them during the last term: Police and safety, Lloyd Neuman; health and street lights, Robert D. Rhodes; park and recreation, Wallace H. Brown; streets and sidewalks, Vernon Barker.

R. C. Woman Walks Into Car, Is Injured

Marie Barker, 24, 108 Linden St., was treated at Community Hospital this week for minor injuries suffered when she walked into the side of a vehicle driven by Charles F. Anderson, 22, 1904 Hopkins Ave. Police said the pedestrian was walking from east to west when she struck the southbound vehicle on El Camino Real.

A raw potato rubbed over the blade of knives which have turned dark from an acid will help clean them.

Electric Hot-beds Again Available to Amateurs

How to install electric heating cable with thermostat in hot-bed.

Electric heated hot-beds, which were unobtainable by amateurs during the war, are again possible for home gardeners who would prefer even heat, controlled automatically by thermostat, to the old fashioned way of heating with fermenting manure.

Hot-beds date back to the Roman empire, and the method of heating them continued to be the same for centuries. Electric cables were first used more than ten years ago, and they have been widely adopted by florists and market gardeners, who have proved them to be economical and practical.

A hot-bed frame is constructed in the usual manner, except that no deep pit is necessary. The frame follows the model of a cold frame, and is sunk in the ground about six inches. Soil is removed within it to an equal depth, and the cable is arranged on the bottom in loops, so that heat will be evenly distributed. The supply wire and cable are both connected to a thermostat, which can be set at the desired minimum temperature, so that as soon as the thermometer falls to that point heat is turned on.

When temperature rises a few degrees above the minimum, heat is shut off, and the variation between maximum and minimum temperatures is much less than with the old fashioned hot-bed. Moreover the electric heat does not diminish constantly, as does that furnished by manure, and there is no danger of injury to plants from a belated frost, which may come after the heating power has been exhausted.

The heating cable is usually covered with four to six inches of soil. It is a good idea to place a sheet of fine meshed poultry wire an inch above the cable, with soil between. Another method is to grow plants in flats, which are placed on a grating just above the heating cable, which is not buried in soil, and thus is always open to inspection. To improve insulation and reduce current consumption, the frame should be banked with cinders, which are covered with soil, to within a few inches of the top.

Plants grow better in even heat, and current consumption for small hot-beds is low. Thirty feet of cable will heat a hot-bed 3 x 6 feet.

New Redwood City Councilmen Take Oath

City Clerk Ralph Dodge (left) administers the oath of office to William Werder, Arthur V. Swift, and Carl (like) Britschgi during ceremonies at last night's council meeting. Britschgi is a veteran councilman; Werder was on the council before entering the Navy; Swift is the newcomer. (Tribune photo)

Supervisors Urge County Acquisition Of Abandoned Half Moon Bay Airstrip

County acquisition of the army's airstrip at Half Moon Bay was urged this week by the county board of supervisors who will request immediate use of the paved runway from army district engineers.

Supervisor Henry W. Edmonds suggested a letter be dispatched to the War Assets Board declaring the county's interest in purchasing the site at a "fair price."

The mile-long airstrip was built as a coastal defense measure during the early days of the war, and cost more than \$1,000,000 to construct.

Motion to obtain immediate use of the flight strip was made by Supervisor Alvin S. Hatch, who introduced two former military fliers, Clyde Monahan and Sam Johnson.

Monahan, an ex-navy pilot, proposed the pair operate the flight strip for the county on a percentage of net profits. He said they had conferred with army engineers and that a letter to the latter was all that would be necessary for immediate county use.

Conditions of use are three-fold, he said. They include maintenance of the field at its present status, maintenance for use of the public and an option that leaves final disposition of the field to the War Assets Board.

The county planning commission, in a letter to the board, recommended steps to acquire the flight strip for emergency and training purposes.

Monahan estimated the cost of maintaining the field would approximate \$400 a year "for the next several years."

The field, owned by the army, has more recently been used as an auxiliary field to Moffett Field, and has been used by airplanes towing targets.

It was recently declared abandoned for military use.

John Cleese to Oppose Coombs in Showdown Ravenswood Battle

John Cleese, former member of the Ravenswood School Board, was drafted Monday by a Ravenswood School District citizens' meeting to run against Mal Coombs, present board chairman, at the May 17 election.

The committee also heard the report of the subcommittee which had received a list of the board's charges against Roy Liddicoat, superintendent of schools, whose contract was cancelled by the board earlier in the month.

"The charges given were not considered to be serious enough to warrant the dismissal," stated a committee spokesman.

Since the committee did not receive the board's reasons in writing, it declined to state the charges, saying that any publicity of the reasons should be originated by the school board.

Mr. Cleese, the committee's candidate, served on the Ravenswood School Board from 1936 to 1942, and his backers stated "that they believed he was best qualified to bring an end to the present controversy, and that his experience in supervising the building program of 1942, when an addition was added to the Ravenswood School, will be invaluable when the expected further addition to the school, resulting from the rapid growth of the community, will have to be built."

Several residents of East Palo Alto told the Tribune this morning that about 10 persons, who wished to attend the meeting last night, were asked after a few minutes of discussion to leave. They were told that the meeting was closed to all persons who had not attended the original meeting.

F. H. Stubbs, chairman of last night's meeting, explained this action by saying that the committee was organized to back Liddicoat and that the meeting last night was not meant to be an open meeting. The controversy will be on two subjects to be discussed at the open meeting or the Citizens' Service League in the Ravenswood School Auditorium Thursday at 8 p.m. Floyd Baker, president of the League, announced today.

The question put before the meeting will be: "Should the present school management be changed?" All known facts will be presented at the citizens' committee backing the retention of Mr. Liddicoat. The public is invited.

Two Injured In Accidents

Two persons suffered serious injury in traffic accidents this week, the California Highway Patrol reported.

James William Griffin, 7, of 110 Armour Ave., South San Francisco, was in "fair" condition at South San Francisco Hospital as a result of bruises and abrasions suffered when he was thrown to the pavement by a truck on Bayshore Hwy. at Tunnel Hill.

Driver of the truck, Henry J. Noles, 48, of San Francisco, told patrolmen the boy and his brothers, Reggie, 6, and Carl, 4, were running single file across the highway, and that he swerved his truck, after they ran from the path of a north-bound car. The oldest boy was hit by the side of the truck.

Mrs. Mildred Williams, 37, 203 Villa St., Belmont, received emergency treatment at Palo Alto Hospital and was transferred to a San Francisco hospital following a Menlo Park accident, patrolmen reported.

Her husband, Edward V. Williams, 37, a bartender, told patrolmen he fell asleep at the wheel before the automobile swerved across El Camino Real and crashed into a light pole.

The crash occurred at 11 p. m. south of Aljandra Ave. near Menlo Junior College.

Mr. and Mrs. Williams were taken to Palo Alto Hospital for treatment by Ensign C. P. Layne from Moffett Field.

In a minor injury accident, Lois Bakes, 24, 436 Palo Alto Ave., suffered minor injuries in a side-swipe head-on collision on Tunnel Hill near South San Francisco.

Driver of the car was Claudion J. Gausch Jr., 19, of 540 Maybelle Ave., Palo Alto, a photographer, who said he was blinded by lights of an oncoming car.

Gustav A. Schultz, 61, 2201 Hillside Dr., Burlingame, employed by a San Francisco brewery, was driver of the second car involved in the accident.

Oil seeping from the ground was used by the Indians as salve and medicine.

Board Awards School Bond Bids

Bids for nearly two million dollars in school bonds were awarded by the board of supervisors this week.

The American Trust Bank, with average cost of 1.153 plus per cent was awarded \$600,000 of Redwood City Elementary School Dist. bonds.

Bank of America, with 1.164 plus per cent, was second of six bidders.

The Bank of America and Chase National Bank of New York were awarded \$1,150,000 of San Mateo Elementary School Dist. bonds with a bid of 1.038 plus per cent.

American Trust with 1.051 plus per cent was second of six bidders.

Bank of America with 1.23 per cent received award of \$120,000 Belmont Elementary School Dist. bonds.

Bank of America with 1.41 per cent was only other bid.

Bank of America was also awarded Bayshore Elementary School Dist. bonds totaling \$75,000, with a bid of 1.611 per cent.

Bookmaking Case Continued to Apr. 22

Time to set trial of Ranieri Meani, 47, Daly City, and Fred D. Lobates, 35, San Francisco, charged with bookmaking, yesterday was continued to Apr. 22 by Superior Court Judge A. R. Cotton.

Mrs. T. A. Callahan, president of the Ravenswood Parent-Teacher Assn., said this morning that the talk by A. W. Ray which is scheduled for tomorrow night has no direct bearing on the ouster issue.

Mr. Ray, according to Mrs. Callahan, was invited to make the talk before the Liddicoat controversy arose and is third in a series of speakers who have talked to the PTA group on the subject of reading education. Mr. Liddicoat being the first, and Prof. R. D. Harriman of Stanford, the second.

Rides Stolen Bike To Sheriff's Office

Richard Bojo, 21, of 428 Pine St., Redwood City, rode to the sheriff's office on a stolen bicycle one day this week to report recovery of a stolen radio.

Several hours later, he was in custody following his admission to burglarizing several summer cabins west of Menlo Park, Dep. Sheriff Jack O'Brien said today.

Bojo, now on probation for a federal charge of check forgery, admitted entering the August Herman-Ben home on Bishop Lane, and the nearby A. Westlund home approximately two weeks ago.

He also confessed to taking a camera from Mrs. G. M. Foster of 905 Weeks St., East Palo Alto, and a watch from an East Palo Alto Chinese, in addition to a heater from a Stanford University building, O'Brien said.

The stolen bicycle will be returned to a Stanford student, he said.

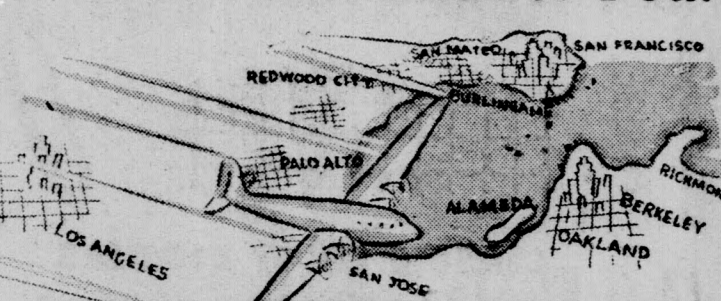

R.C. Woman Arrested

Lois L. Rondon, 24, 219 Hazel Ave., was booked at the San Mateo County jail on a charge of drunkenness and for investigation of a possible charge of battery this week.

Redwood City Police Lt. S. D. Wood said that L. J. Medina, same address, is expected to sign a complaint charging that the woman hit him on the nose with a beer bottle.

Stephen Foster wrote more than 200 songs.

Plan to Keep Soil Busy All Summer for Top Yield

Efficient Layout for Vegetable Garden of 1,200 Square Feet.

In a small garden, planned to produce an all season supply of each vegetable grown, and keep the land working without idle periods, an amazing quantity of fresh vegetables of high quality can be grown.

It is far more economical to cultivate efficiently a small plot, than to work twice the space haphazardly, and the yield of the small area may easily equal or exceed the large. The small space may be better kept with less work, and less seed, fertilizer and insecticides will be needed. Well fed vegetables will have higher quality, and the owner will take more pride in the appearance of his plot.

Council Unanimous After Caucus Session

BY BUD SPRUNGER
Walter H. Hilton was re-elected mayor of Redwood City for a second two-year term by city councilmen at a meeting in the city hall this week.

First item of business on the new council's agenda was unanimous. Councilman George W. McNulty nominated Hilton and immediately after Councilman Carl (Ike) Britschgi moved that the nominations be closed. Councilman Floyd D. Granger seconded the motion.

There had been three candidates for the position in the ranks of the council. Besides Hilton, Britschgi and C. C. Armstrong were known to be seeking the position.

Councilmen met in caucus before open session and ironed out their differences in private.

This week also saw ex-Councilman Harold F. Anderson and Evans A. Fletcher sing swan songs as they retired from office. Neither had sought re-election. Fletcher, who served 12 years, claimed that Redwood City was on the threshold of a new era and should double its population within 10 years. He said he was not retiring from public life and jokingly, threatened to stand for re-election in two years if the present council does not reach expectations.

Anderson, who served eight years, congratulated new councilmen, William M. Werder and Arthur V. Swift, and said his service had been both a pleasure and a privilege. He said that although council had experienced hectic days following Dec. 7, 1941, the new council faced even larger problems: the spending of a \$998,000 civic improvement bond issue, the problems of reconversion, and the problem of raising funds to conduct city business. He praised city employees and said taxpayers could feel safe with city business in their hands.

Anderson then moved, seconded by Fletcher that council adjourn. Their last motion carried.

As the new council then started business, Swift announced that he hoped he reached the expectations of those who had elected him and Werder hoped the council could be as progressive as the city. Britschgi, who was re-elected, thanked those who voted for him.

As its first items of business, the new council approved a final map for Redwood Terrace No. 2, and authorized City Mgr. E. W. Blom to start construction of water mains in the new subdivision.

Council also instructed Blom to determine the most expedient way to get Charter St. paved between Middlefield Rd. and Spring St., and

S.C. Planners Recommend Amended Master Zoning Map

San Carlos Planning Commission, in a public hearing Monday, voted unanimously to recommend the adoption by the San Carlos City Council of an amended master zoning map.

The amendments to the original map which were approved by the planning commission were:

1. That the property facing Magnolia St. between Cedar St. and Elm St. on the south side shall remain a first residential area.
2. That all property on the southeastern side of Walnut St. from Arroyo Ave. to Eaton Ave. shall remain a first residential area.
3. That the property on Old County Rd. between the northern side of San Carlos Ave. to the northern boundary of the city limits be left in its present "unclassified" status.

Last night's meeting, held in the city hall auditorium, was attended by many protesters to the original "working draft" of the zoning map. A. L. Mewhirter, one of the protesters, said that the commission, in setting aside 15 or 16 blocks of second and third residential areas, was inviting multiple-occupancy dwellings to be built in the city.

"Most of the people in San Carlos want only single-dwelling, owner-occupied homes," said Mewhirter, "and they don't want industries in the city."

Comr. Fred Drake replied that industry must be welcome in San Carlos in order to "give the people the things they want." He added that there is \$250,000 worth of tax-exempt property in San Carlos and that at the present time it costs each family in the city \$150 to educate children.

Decision to leave the property on the Old County Rd. in its present unclassified status was reached when City Atty. Carl Anderson pointed out that the final reclassification rests in the appellate court. The superior court earlier in the month had opined that the property is unrestricted and that any type of enterprise may be built there. The case is now pending in appellate court.

HAAG DISCHARGED
Lt. Russell I. Haag, USN, of 20 Diller St., Redwood City, has been discharged from the navy at the San Francisco Personnel Separation Center.

EASTER VALUES AT SAFEWAY

Make certain of an Easter Sunday dinner that's perfect. Buy at Safeway, where everything is guaranteed. Choose your meats, your fruits and vegetables, your groceries—each item you need to prepare a delicious feast—all with complete assurance of satisfaction.

How to make your Easter table attractive

Whether your Easter celebration includes only the immediate family or whether you make the day one for entertaining, the occasion calls for table decorations. Here's an idea that may be used for almost any Easter party and for every age group, too.

The first thing to do when planning your decorations is to decide on the color scheme. Your tablecloth or place mats may be the key to the colors you'll use. Place mats simplify the laundry problem, but you may prefer an all-white or pastel cloth. If white is your choice then any color scheme may be carried out in the decorations.

EASTER BONNET CENTERPIECE

The main attraction of our centerpiece is a hatbox. It may be either round or square, small or large, and it doesn't have to be a fancy one. Ours is covered with gay striped gift paper, but the same effect is obtained by covering the hatbox in plain pastel colored paper and pasting on contrasting stripes. (Vegetable glue makes a neater job of this, for it doesn't come through the paper.) Plain or figured shelf paper, wallpaper or crepe paper may also be used. Use real ribbon of harmonizing or contrasting color or crepe paper to tie up the box and form the bow. Line the box with pastel-colored tissue paper; tilt the lid and let sprays of spring blossoms or flowers, pussy willows or green leaves hang out over the side.

Place one or two toy bunnies (or you could use a pottery bunny, chicken or duck, or a covered hen dish) by the hatbox. Arrange flowers or decorated Easter eggs and leaves around the hatbox to complete the centerpiece.

The same idea may be carried out in the favors. Cover small boxes similarly, but place the lid on the box. Then when the box is opened, there could be a "surprise" opening course, dessert, or favors such as candy Easter eggs or small gifts.
